DDI Paper on Oil pipeline study in
relation to current Near East

25 January 1982

MEMORANDUM FOR: Deputy Director of Central Intelligence 

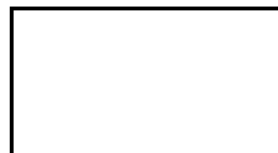

FROM : SA/IA

SUBJECT : DCI Testimony on  Central America and 25X1
the Middle East

1. Attached are some of the additional materials provided the Director today as he prepares for his HAC Defense Subcommittee testimony tomorrow. Some of the inputs have gone directly from  and Clarridge to him, therefore, I have no pieces of paper representing their inputs. I will pass you a copy of his prepared statement as soon as it is finalized. 25X1

2. I call your attention in particular to the item prepared by DDI on the joint DoD/CIA petroleum study. This question was asked by the Committee staffers and I asked for a full answer for the Director with a recommendation that his actual response be quite short and unrevealing.

3. On another subject,  informed me that he has learned 25X1 that Donald Latham may make a pitch to you one more time to become a member of the NFIC. Apparently there is some gnashing of teeth in the DoD because Stilwell is the only representative of OSD. This is just to alert you in case Latham calls.
